SPACE Explorers Workshop on Let us know about Earth

Salwan Public School, Mayur Vihar, Delhi

October 28, 2015

SPACE Explorer workshop is a collection of one day programs which focus on teaching Space Science and Astronomy to students through practical hands on experience. The students get an out of textbook learning experience, which help them develop their knowledge base as well as life skills.

- They are involved in group activities which inculcate team work and leadership skills.
- They are made to answer critical thinking questions which inculcate logical reasoning skills.

The whole philosophy of the workshop is

I do - I understand

I understand – I learn

Introduction

A workshop named “**Let us know about Earth**” was conducted in Salwan Public School, Mayur Vihar, Delhi on October 28, 2015 for students of grade 1-2. 48 Students attended this workshop. The duration of the workshop was 90 minutes.

Participants were introduced to the planet they live on i.e. Earth. They were also introduced to the shape of our planet and various features on it with interesting activities. They also performed several activities to understand the concept of rotation and revolution.

Students enjoyed these activities and the best performers were rewarded at the end of the workshop.

Learning Outcomes of the workshop

1. Students understood that the shape of our planet is known as sphere.
2. Students learnt about various features of Earth and most of it is covered with water.
3. Students learned about rotation and revolution of Earth through various activities.
4. Students learned about the orbit of Earth through a very interesting activity.
